**PANEL I**

**Mining in Mongolia**

**MODERATOR**

**Julian Dierkes, Associate Professor and the Keidanren Chair in Japanese Research at the University of British Columbia Institute of Asian Research**

Dr. Julian Dierkes is an Associate Professor at UBC's School of Public Policy and Global Affairs. He has focused much of his research on contemporary Mongolia in the past 15 years and visits the country regularly in non-pandemic times. Dr. Dierkes is particularly interested in democratization and mining governance in Mongolia. He is on of the principal authors of the Mongolia Focus blog ([blogs.ubc.ca/mongolia](https://blogs.ubc.ca/mongolia)) and tweets @jdierkes.

**Dr. Uyanga Bold, Director General of Geological Policy Department,  
Ministry of Mines and Industry of Mongolia**

Dr. Uyanga Bold is the Director-General of the Geological Policy Department of Mongolia's Ministry of Mining and Heavy Industry. She had worked in the National Geological Survey of Mongolia and the Mongolian University of Science and Technology.

Dr. Uyanga Bold is experienced in field-based geological studies and exploration geoscience activities in the industry. Her graduate studies documented the stratigraphic backbone and tectonic setting of Neoproterozoic basins in Central Asia, where she used geochemical systems including carbon, oxygen, strontium, sulfur, and magnesium isotopes to document changing geochemical cycles, correlate globally and construct a new age model. Additionally, she established those dolomitizing fluids led to significant systematic changes in many geochemical systems, including carbon isotopes. Her current research focuses on expanding the latter project to northern Mongolia and southern Russia by mapping and collecting geochronologic and geochemical samples firmly grounded in robust geologic and sedimentary frameworks.

Dr. Uyanga Bold holds an MSc and Ph.D. from the Graduate school of Arts and Sciences at Harvard University and a BSc from the Mongolian University of Science and Technology.

**Bilguun Ankhbayar, Vice President Business Development,  
Erdene Resources Development Corp**

Mr. Ankhbayar is a Mongolian mining finance professional, based in Ulaanbaatar, with North American and Mongolian capital markets experience. Since returning to Mongolia from Canada in 2010 Bilguun has had the roles of CEO of Monrud LLC and Secretary General of "Discover Mongolia" International Mining Investors Forum in Ulaanbaatar, and over the past four years CEO of Mongolian Investment Banking Group ("MIBG"). MIBG is a domestic investment dealer which enabled its Mongolian clients to access international capital markets while advising international institutional investors to gain exposure to Mongolia.

As the CEO of MIBG, Bilguun worked closely with TSX and ASX listed companies in financing and in a general advisory capacity. Prior to MIBG, Bilguun was employed by the Investment Banking division of Toll Cross Securities, a Toronto based boutique investment bank focusing on financing and M&A advisory for TSX listed mining and exploration companies.

Bilguun graduated from Saint Mary's University with B.Comm in Finance and he is a CFA charter holder

**Dr. Battseengel Gotov, CEO and Executive Director, Mongolian Mining Corporation, President of  
Mongolian National Mining Association**

Dr. Gotov was awarded a master's degree in science in 1996 and a Ph.D. in organic chemistry in 1999 by Comenius University, Slovakia. Subsequently, Dr. Gotov was awarded scholarship by Humboldt Foundation to complete his postdoctoral research work during 2000 to 2003 at University of Cologne, Germany. After returning home in 2003, Dr. Gotov served in various managerial positions within the MCS Group companies. In 2008, Dr. Gotov was appointed as Chief Executive Officer of Energy Resources LLC and was instrumental in the successful transformation of its operations from a greenfield project to a fully integrated coal mining, processing, transportation and marketing platform.

Dr. Gotov is a Board member of the Mongolian National Mining Association and the Mongolian Coal Association.

**Jennifer Adams, Project Director, MERIT**

Jennifer Adams is the Director of Mongolia: Enhancing Resource Management through Institutional Transformation (MERIT) project. MERIT is an award-winning, eight-year project funded by Global Affairs Canada that contributes to stimulating sustainable economic and social development in Mongolia by strengthening the capacity of public institutions to effectively manage the extractive sector. As a Project Management Professional (PMP) Jennifer has broad experience in international development working for government, civil society and multilateral organizations. Before joining MERIT, Jennifer spent five and half years working in the mining sector with a focus on equality, diversity and inclusion in the workplace.

## DISTINGUISHED SPONSORS AND PARTNERS SUPPORTED THE XI CERBA VANCOUVER INTERNATIONAL MINING CONFERENCE IN CONJUNCTION OF THE AME ROUNDUP-2022

### GOLD SPONSORS

*Condor Petroleum is an internationally-focused, publicly traded energy developer uniquely positioned on the doorstep of European and Asian markets. With producing oil and gas assets, a well developed exploration portfolio and an advanced initiative in natural gas field redevelopments, we've built a strong foundation for reserve, production and cashflow growth. We're leveraging off our reliable and diverse asset base, in-house proven expertise and exposure to jurisdictions with strong market demand and pricing, to deliver significant growth in countries with high-value and low cost reserves.*

*B2Gold is a low-cost international senior gold producer headquartered in Vancouver, Canada. Founded in 2007, today, B2Gold has operating gold mines in Mali, Namibia and the Philippines and numerous exploration and development projects in various countries including Mali, Colombia, Finland and Uzbekistan. As part of its extensive grassroots exploration program, the Company is investing \$6 million in Uzbekistan for 32,700 metres of diamond drilling and reverse circulation drilling to advance exploration on the ground it has acquired in proximity to the world-class Muruntau super mine.*

*Cameco is one of the largest global providers of the uranium fuel needed to energize a clean-air world. Utilities around the world rely on our nuclear fuel products to generate safe, reliable, emissions-free nuclear power. Together, we are meeting the ever-increasing demand for clean, baseload electricity while delivering energy solutions to support the world's net-zero goals.*

### BRONZE SPONSOR

*Arras Minerals is advancing a portfolio of copper-gold assets in one of the most mineralogically endowed countries in the world: Kazakhstan. With a ground-floor entry into an under-explored, yet proven porphyry belt, we believe there is huge opportunity for growth and discovery.*
